

# PSYC2319 ONLINE

FALL 2021

## CONTACTING THE INSTRUCTOR

Name Dr. Will Crescioni

Office Location RC405A, Reese Campus

Email	<a href="mailto:wcrescioni@southplainscollege.edu">wcrescioni@southplainscollege.edu</a>		
Office Phone	(806) 716-2468		
Office Hours	Monday 8:30 – 9:30 1:00 – 3:00	Wednesday 8:30 – 9:30 1:00 – 3:00	Friday 9:00 – 11:00

## INSTRUCTOR AVAILABILITY

Although this is an online class, I am still available to discuss any questions or concerns you may have. Please feel free to reach out to me in any of the following ways.

### OFFICE HOURS

During my scheduled office hours I will be available in my Reese Center office and online via Collaborate. In order to meet in person, you must provide evidence of covid-19 vaccination or documentation asserting that you are medically unable to receive the vaccine. Those medically unable to receive the vaccine are strongly encouraged to wear a mask during any meetings. Students who are medically able to receive the vaccine but have chosen not to do so must meet with me via Collaborate.

### EMAIL

Many simple matters can be handled over email. My email address is [wcrescioni@southplainscollege.edu](mailto:wcrescioni@southplainscollege.edu). Please be sure to read and adhere to the email rules listed below.

I do not check emails on evenings or weekends. I will try to respond to all emails within one business day. That means that emails sent Monday – Thursday will be answered the next day, and emails sent Friday – Sunday will be answered on Monday.

### PHONE

Because it is more flexible and provides a written record, I strongly prefer email to phone calls. However, I can be reached via phone during my normal office hours at 806-716-2468. If I am meeting with a student in person or

online I will not be able to take your call. If I am unable to answer the phone, or if you call outside my normal office hours, please leave your name, number, and the reason for your call and I will get back to you as soon as I can.

## REQUIRED TECHNOLOGY

### BLACKBOARD

All readings, videos, and quizzes are found on Blackboard. As such, it is essential that you maintain regular access to a working computer with a reliable internet connection throughout the semester.

You can access South Plains College's main Blackboard page at <https://southplainscollege.blackboard.com/>. From there, you can see a list of all courses in which you are enrolled, including this one.

### PERUSALL

Persuall is a free program designed to encourage reading the textbook and engaging with other students. Persuall can be accessed via the course Blackboard page.

### NOBA

Noba is the publisher of the free text book we will be using. Cerego quizzes are embedded in the readings are due each week. To access the quizzes you will need a free Noba account. Instructions for signing up with Noba are available on Blackboard.

### WORD PROCESSOR

All written assignments must be typed using a word processor. All SPC students have access to Microsoft Office 365, an online platform that includes Microsoft Word. You are strongly encouraged to use Microsoft Word when composing your written assignments. If you choose to use a different word processor (e.g. Google Docs or Pages), it is your responsibility to convert your file to the appropriate format before submitting. Assignments submitted in the wrong file format will not be accepted.

You can access Office 365 at <https://office.com>. Use your SPC credentials to log in. If you have any difficulty, contact the SPC help desk at <https://www.southplainscollege.edu/instructional-technology/Help.php>

## COURSE STRUCTURE

This course consists of weekly Learning Modules (LMs). Each LM consists of two readings. For each reading you will complete a Perusall reading assignment and a module quiz. There are a total of 11 learning modules; after the fifth module you will take a midterm exam covering the first five modules. At the end of the semester, you will take a final exam covering the final six modules. You will also complete a book report.

## ASSIGNMENTS

There are four types of assignments in the course: quizzes, Perusall assignments, exams, and the book report.

### QUIZZES

- 11 total; lowest dropped at the end of the semester
- Worth 15 points each (150 points total)

- Due each Sunday by 11:59 PM; see course schedule for specific due dates
- Two attempts before the due date
- Late submissions will not be accepted

#### PERUSALL

- 22 total; two lowest dropped at the end of the semester
- Worth 2.5 points each (50 points total)
- Grade based on time spent on the reading, quantity of comments, and quality of comments
- Due each Sunday by 11:59 PM, although waiting until the last minute may negatively impact your grade by making it difficult to engage with other students.

#### MIDTERM EXAM

- Worth 100 points
- 50 multiple choice questions
- Covers the first five learning modules
- One attempt
- 75 minute timer
- Late submissions will not be accepted.

#### FINAL EXAM

- Worth 100 points
- 50 multiple choice questions
- Covers the last six learning modules
- One attempt
- 75 minute timer
- Late submissions will not be accepted

#### BOOK REPORT

- Worth 100 points total
- The book report is due Sunday, November 7<sup>th</sup> by 11:59 PM.
- Based on book from the provided list
- 3 – 5 pages in length
- Graded for spelling, grammar, and punctuation; following directions; and overall paper quality

#### MISSED WORK

It is strictly your responsibility to ensure that you turn assignments in on time. All due dates are available both in this syllabus and on Blackboard. In addition, it is your responsibility to ensure that you have access to a working computer with a stable internet connection. Inability to access assignments, quizzes that are submitted unintentionally, and other technical issues will only be accepted as excuses meriting a make-up if the issue was class-wide. Issues stemming from the student's own computer, internet provider, etc. will not be considered valid excuses.

## MAKEUP DECISION TABLE

Situation	Resolution
<b>The entire class is unable to access Blackboard at the time the quiz was due.</b>	No action is required on your part. As soon as I am aware of the outage, I will apply an extension to the due date of the quiz for the entire class. I will notify the class once this has occurred.
<b>A student is sick the day the quiz is due, or was in the hospital for more than three days during the week of a topic.</b>	Contact me to schedule a makeup. You will need to provide documentation of a doctor's visit on the due date of the assignment, or of a hospital stay of at least three days during the week of the topic. Note that you must schedule your makeup within one week of the last date indicated on your medical documentation (e.g. if you got out of the hospital on the 4 <sup>th</sup> , you'd need to schedule your makeup no later than the 11 <sup>th</sup> ).
<b>A student lost a loved one within one week prior to the date a quiz was due.</b>	Contact me for a makeup. You will need to provide documentation in the form of an obituary or funeral program.
<b>A student was caring for a terminally ill loved during the week the quiz was due.</b>	Contact me for a makeup. You will need to provide documentation in the form of a doctor's note for the loved one in question.
<b>A single student is unable to access Blackboard at the time the quiz was due, but other students could access Blackboard.</b>	No makeup given. It is your responsibility to ensure reliable access to the internet throughout the course. See the "Tech Troubleshooting" section for tips.
<b>Blackboard or the course text are unavailable at some point during the week, but not at the time the quiz is due.</b>	No makeup given. Please be sure to download a PDF copy of the book so that, in the unlikely event that the book website goes down, you are still able to complete the readings for the week.
<b>A student was traveling and did not have access to the internet when the quiz was due.</b>	No makeup given. It is your responsibility to ensure access to the internet throughout the semester. If you will be traveling, you should either work ahead to complete your work before leaving, or ensure that you will be able to access the internet at your destination.
<b>A student forgot to submit a quiz prior to the due date.</b>	No makeup given. It is your responsibility to make note of all due dates and to ensure that you complete your assignments in a timely fashion.

## ASSIGNMENT/GRADE INQUIRIES

Grades for weekly quizzes will automatically post as soon as you have completed both attempts. Zeroes for missed quizzes must be entered manually by your instructor, and may not appear immediately. If you have any questions or concerns about your grade (e.g. you think a question was wrong; you believe your posted grade is too low; you have a zero but completed the assignment) you must contact me within one week of the due date. If, for example, you contact me at the end of the semester claiming you completed several assignments for which you have zeroes, it will be too late.

## GRADING

10 quizzes @ 15 pts. = 150 pts. (30% of final grade)

20 Perusall assignments @ 2.5 pts. = 50 pts. (10% of final grade)

Book Report: 100 points (20% of final grade)

Midterm Exam = 100 pts. (20% of final grade)

Final Exam = 100 points (20% of final grade)

Total points = 500 points

I will round up to the nearest whole number when computing your final grade (e.g. an 89.5 would become a 90, whereas an 89.4 would become an 89). Artificial grade boosts will never be offered; what you earn is what you get.

#### CHECKING GRADES ON BLACKBOARD

Quiz grades should automatically post once you have completed your second attempt or once the due date has passed, whichever comes first. If you complete no attempts on a weekly quiz prior to the due date, Blackboard will leave that column blank until I manually assign a grade of zero. Keep in mind that this may cause your grade to appear higher than it is, because Blackboard will not factor that zero into your average until I have entered it.

#### COURSE EXPECTATIONS

##### TIME COMMITMENT

In general, a student can expect that one credit hour of coursework will require about three hours of total work each week. Because this class is three credit hours, **you should expect to spend at least nine hours each week completing the readings and assignments for this course**. This is only an estimate; some students may require more or less time to complete each week's tasks. You should expect, however, to spend several hours each week on this course, and you are encouraged to plan accordingly.

##### TIMELY COMPLETION OF WORK

All due dates for this class are available in this syllabus. Any changes will be announced via Blackboard. It is your responsibility to keep track of these dates and to ensure that you submit your assignments in a timely fashion. Late work will not be accepted without documentation of an injury, illness, or death in the family that would have substantially impaired the student's ability to complete the assignment in a timely fashion.

##### Administrative Drop Policy

Due to Financial Aid and South Plains College requirements for participation/attendance, students who fail to maintain satisfactory course participation may be dropped with a grade of "X" from the course. A student who meets the following criteria may be dropped from the course at the discretion of the instructor:

- Missing eight or more weekly assignments (Cerego quizzes or Perusall assignments).
- Failing to log in for 14 consecutive days.

## COURSE SCHEDULE

Each week you are responsible for all assignments within each listed learning module, which will typically include two Perusall assignments and a module quiz. Unless otherwise noted, assignments are due Sunday by 11:59 PM. The weeks of the midterm, book report, and final exam are highlighted in yellow.

Note that these due dates are subject to change during the semester. Always refer to Blackboard for the most current due dates.

Date	Day	Topic
5-Sep	Sun	Introduction to Social Psychology
		An Introduction to the Science of Social Psychology
		Thinking Like a Psychological Scientist
12-Sep	Sun	Research Methods
		Research Methods in Social Psychology
		Statistical Thinking
19-Sep	Sun	Biological Bases of Social Behavior
		Social Neuroscience
		Evolutionary Theories in Psychology
26-Sep	Sun	The Self
		Self and Identity
		Personality Traits
3-Oct	Sun	Others
		Social Cognition and Attitudes
		The Psychology of Groups
10-Oct	Sun	Social Influence
		Persuasion: So Easily Fooled
		Conformity and Obedience
17-Oct	Sun	Midterm Exam
24-Oct	Sun	Emotion and Motivation
		Functions of Emotions
		Motivation and Goals
31-Oct	Sun	Relationships
		Attraction and Beauty
		Love, Friendship, and Social Support
7-Nov	Sun	The Dark Side
		Aggression and Violence
		Prejudice, Discrimination, and Stereotyping
		Book Report Due
14-Nov	Sun	The Better Angels of Our Nature
		Self-Regulation and Conscientiousness

		Helping and Prosocial Behavior
21-Nov	Sun	The Good Life
		Positive Psychology
		Happiness: The Science of Subjective Wellbeing
28-Nov	Sun	Thanksgiving Break
5-Dec	Sun	Final Exam

Note: Course schedule is subject to change.

## LEARNING MODULES

Each of the above weeks' materials can be found in the corresponding Learning Module (LM) on Blackboard. Each LM will contain links to the readings in the textbook, links to any required videos, and links to any work due that week.

## TECH SUPPORT

It is your responsibility to ensure that you have a working computer with a stable internet connection throughout the course.

## TECHNICAL REQUIREMENTS

In order to successfully participate in the course, your computer must meet the following requirements:

- Modern operating system (Windows 7 or later strongly recommended; most content should be compatible with Mac OS and older versions of windows down to XP; Linux is not recommended).
- Modern web browser. I strongly recommend you use Mozilla Firefox or Google Chrome to access the content in this course. Internet Explorer may not interact well with the course content.
  - You can download Mozilla Firefox [here](#).
  - You can download Google Chrome [here](#).
- A modern word processor to complete the book report, such as Microsoft Word. All SPC students have free access to Office 365, which includes access to Word, PowerPoint, and Excel. You can access it [here](#).
- A stable, reliable internet connection. High-speed internet (e.g. Cable, DSL, fiber) is strongly recommended.
- For the purposes of weekly quizzes, it is strongly suggested that you use a computer with hardwired (e.g. not WiFi) internet access, as this will minimize the risk of an interruption. DO NOT use your browser's forward, back, or refresh buttons. It is highly recommended that you close all other windows and programs before beginning an assignment. Unless your assignment is interrupted for a reason that affects the entire class (e.g. the server goes down), interruptions will not be considered grounds for a retake of any assignment.
- DO NOT attempt to take any class assignments using a phone or tablet, as your grade will not be recorded.

## TECH TROUBLESHOOTING

I am not able to provide tech support for the class, but below I am providing a few basics steps which may resolve or help to identify some common problems.

Problem	Possible Remedy
I cannot access Blackboard, but I can access other websites	Blackboard may be down. Check <a href="http://portal.southplainscollege.edu">portal.southplainscollege.edu</a> and your SPC email for announcements about a Blackboard outage. IF you cannot access <a href="http://portal.southplainscollege.edu">portal.southplainscollege.edu</a> , or if you do not see any such announcements, contact Blackboard support.
I cannot access any websites.	Your internet is probably down. Try resetting your modem and/or router. If your internet is still not working, contact your service provider, or move to a different location (e.g. SPC library, Starbuck's) to access the internet.
I cannot access the book website, but I can access other websites.	Contact me and I will contact the book publisher. In the meantime, use your downloaded PDF of the book to complete the week's readings.

Should you encounter difficulties technical difficulties throughout the course that are not resolved by the above steps, please refer to the following sources of help:

#### BLACKBOARD TECHNICAL SUPPORT

Support for issues relating to Blackboard can be obtained via the "Blackboard Support" link in the course Blackboard page, by visiting [https://help.blackboard.com/en-us/Learn/9.1\\_2014\\_04/Student](https://help.blackboard.com/en-us/Learn/9.1_2014_04/Student), or by calling (800) 424-9299. Issues for which you should use this route include, but are not limited to:

- Inability to access Blackboard page (e.g. page will not load)
- Inability to access specific content within the Blackboard page (e.g. assignments, lecture videos)

#### OTHER TECHNICAL ISSUES

- If you are having trouble accessing your student email, contact the SPC help desk at <https://www.southplainscollege.edu/instructional-technology/Help.php>
- If you do not see a grade for an assignment you believe you completed, contact me directly.
- If your computer breaks or your home internet goes out, contact the relevant business (e.g. Best Buy, Office Depot, as well as several local outlets provide computer repair services; your internet service provider – most likely SuddenLink – can provide troubleshooting related to your home internet service.

#### TECH CONTINGENCY PLANS

You are responsible for maintaining access to a working computer with a stable internet connection throughout the course. As it is very possible for a compute to break, you should have contingency plans in place in cast this happens to you. These can include (but are not limited to):

- If your internet goes down, free WiFi is available at many area businesses, including Starbuck's, McDonald's, Chick-fil-A, and some United Supermarkets.
- Identify at least one friend, family member, or neighbor who has a computer you can borrow if needed.

- If you are a local student, the South Plains College Levelland and Reese Center campuses have computer labs which offer free access to students.
- Most public libraries have at least a few computers that are available to the public.
- Inexpensive replacement computers can be obtained from sites like edealinfo.com, the Amazon marketplace, Newegg, and eBay.
- If you are travelling, many hotels have a small computer lab available to their guests.
- If you know that you will be out of town/without internet access for a certain period of time, be sure to work ahead and complete any assignments that are due during that time before you leave.

## ADA STATEMENT

Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office.

## DIVERSITY STATEMENT

In this class, the teacher will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

## Common Course Syllabus

**SPC requires that the following information be included in all syllabi.**

**Department:** Behavioral Sciences

**Discipline:** Psychology

**Course Number:** PSYC 2319

**Course Name:** Social Psychology

**Credit:** Lecture: 3, Lab: 0

**Satisfies a core curriculum requirement?** No

**Prerequisites:** TSI reading compliance

**Available Formats:** Conventional, INET

**Campuses:** INET

**Textbook:** Kenrick, Neuberg, Cialdini (2015). *Social Psychology*, 6<sup>th</sup> Ed. Pearson Higher Ed Pub. (ISBN 9780133970548).

**Course Specific Instructions:** Go to Blackboard for INET classes

**Course Description:** Study of individual behavior within the social environment, including sociopsychological processes, attitude formation and change, interpersonal relationships, and group processes.

**Course Purpose:** The purpose of this course is to introduce students to the major theories and concepts of social psychology.

**Course Requirements:** To maximize the potential to successfully complete this course, the student should attend all class meetings, complete all assignments in a timely manner, and complete all assessments/examinations.

**Course Evaluation:** Please see the instructor's course information for specific items used in evaluating student performance.

### **Student Learning Outcomes:**

Students who have successfully completed this course will be expected to:

- Demonstrate familiarity with major concepts, theoretical perspectives, empirical findings and historical trends of social psychology.
- Demonstrate knowledge of psychology as a science, particularly how the scientific method is applied to formulate theories and explanations of social cognition and behavior.
- Recognize the application of social psychological research in solving problems and understanding social situations encountered in everyday life.

- Respect and use critical and creative thinking, skeptical inquiry, and the scientific method to solve problems related to behavior and mental processes in social environments.

Through course assignments, papers, activities, and assessments, students will:

- demonstrate the ability to read and write clearly and concisely,
- value diversity and differences in people,
- explore relationships of ideas and see their similarities and differences,
- assimilate and synthesize information,
- integrate ideas across the curricula, and • interrelate the past to the present.

Coordinating Board Approval Number (CIP): 42.2707.51 25

#### Relevant SPC Policies & Procedures

**Attendance Policy:** Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment. See Instructor's Course Information for additions to the attendance policy. (See Catalog)

**Academic Integrity:** The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension. This policy relates to all forms of cheating and plagiarism. See Instructor's Course Information for additions to the academic integrity policy.

**Student Conduct:** A high standard of conduct is expected of all students. Students are subject to federal, state and local laws, as well as South Plains College rules and regulations. Any student who fails to perform according to expected standards may be asked to withdraw. Failure to comply with lawful direction of a classroom teacher relative to maintaining good order is considered misconduct on the part of the student. Repeated violations of disrupting a class may result in the student being dropped from that course (See

Catalog/Student Guide for full policy). See Instructor's Course Information for additional policies related to student conduct.

**Academic Appeals:** The Vice President for Student Affairs is the South Plains College Title IX Coordinator and is designated to formally investigate student grievances, address inquiries and coordinate the College's compliance efforts regarding student complaints and grievances. Whenever possible and safe, the problem or complaint should first be discussed with the individual involved in the complaint. If satisfactory resolution is not reached after discussion with the individual, the student should contact the individual's direct supervisor to attempt to resolve the complaint. If these efforts are unsuccessful, the formal grievance process may be initiated. The College does not require a student to contact the person involved or that person's supervisor if doing so is impracticable, or if the student believes that the conduct cannot be effectively addressed through informal means (See Catalog/Student Guide for full definitions and policy).

**Disability Services:** Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services Office at Levelland (Student Health & Wellness Office) 806-716-2577, Reese Center (Building 8) 806-716-4675, or Plainview Center (Main Office) 806-716-4302 or 806-296-9611.

**Diversity & Equal Rights:** South Plains College does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Vice President of Student Affairs.

All students are entitled to equal rights under the affirmative action and equal opportunity laws. Students are also protected against unjust or biased academic evaluation, but at the same time, they are responsible for maintaining standards of academic performance established for each course in which they are enrolled. (See Catalog/Student Guide for full definitions and policies)
