Attendance Policy: As per the SPC General Catalog:

Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have “Never Attended” by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of “X” or “F” as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student’s responsibility to be aware of that policy.

It is the student’s responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

See instructor’s course information sheet for additions to the attendance policy.

Plagiarism and Cheating: Students are expected to do their own work on all projects, quizzes, assignments, examinations, and papers. Failure to comply with this policy will result in an F for the assignment and can result in an F for the course if circumstances warrant.

Plagiarism violations include, but are not limited to, the following:

1. Turning in a paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail order term paper mill;
2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation;
3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them; or
4. Missing in-text citations.

Cheating violations include, but are not limited to, the following:

1. Obtaining an examination by stealing or collusion;
2. Discovering the content of an examination before it is given;

3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment;
4. Entering an office or building to obtain unfair advantage;
5. Taking an examination for another;
6. Altering grade records;
7. Copying another's work during an examination or on a homework assignment;
8. Rewriting another student's work in Peer Editing so that the writing is no longer the original student's;
9. Taking pictures of a test, test answers, or someone else's paper.

Student Code of Conduct Policy: Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither instructor nor student should be subject to others' behavior that is rude, disruptive, intimidating, aggressive, or demeaning. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class.

Diversity Statement: In this class, the teacher will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. SPC Bookstore Price Match Guarantee Policy:

If you find a lower price on a textbook, the South Plains College bookstore will match that price. The difference will be given to the student on a bookstore gift certificate! The gift certificate can be spent on anything in the store.

If students have already purchased textbooks and then find a better price later, the South Plains College bookstore will price match through the first week of the semester. The student must have a copy of the receipt and the book has to be in stock at the competition at the time of the price match.

The South Plains College bookstore will happily price match BN.com & books on Amazon noted as ships from and sold by Amazon.com. Online marketplaces such as Other Sellers on Amazon, Amazon's Warehouse Deals, fulfilled by Amazon, BN.com Marketplace, and peer-to-peer pricing are not eligible. They will price match the exact textbook, in the same edition and format, including all accompanying materials, like workbooks and CDs. A textbook is only eligible for price match if it is in stock on a competitor's website at time of the price match request. Additional membership discounts and offers cannot be applied to the student's refund. Price matching is only available on in-store purchases. Digital books, access codes sold via publisher sites, rentals and special orders are not eligible. Only one price match per title per customer is allowed.

Note: The instructor reserves the right to modify the course syllabus and policies, as well as notify students of any changes, at any point during the semester.

How this Course is conducted:

This course is a blended course, which means that you will attend the regular classroom for general instruction **and** you will access Blackboard for a portion of your course work and for your grades.

Logging into Blackboard:

To access your course, go to <https://southplainscollege.blackboard.com/> or go to the SPC Homepage and click on the "Login to" link in the top right-hand portion of the page and then click on the Blackboard link on the pull-down or you can type or copy the address into the address window of your computer. I recommend that you bookmark Blackboard on your computer for quick access. You can also log into MySPC and there is a Blackboard link there. Once you reach the site you will click "Log In". The log-in screen will come up asking for your user name and password. Simply follow the instructions on the screen.

OTHER INFORMATION concerning Blackboard:

Open Computer Lab: There is an Open Computer Lab located on the Levelland campus in the Technology Center. It is available to all students, with priority given to those students enrolled in computer classes. Computers are also available on the Reese Center, Lubbock, and Plainview campuses. Check with libraries and labs for hours.

Technical Problems/Support: If you are having computer problems, you have to let me know. I will try to help you in any way that I can. Please remember that it is your responsibility to have a backup plan if your computer goes down. Please have this plan in place now and do not wait until it is a crisis situation. If you lose your course work due to bad flash drives, Internet service down, computer crash, or your dog ate your homework, there is nothing I can do about it. **THIS IS YOUR WARNING TO HAVE A BACKUP PLAN IN PLACE.**

- **IMPORTANT:** Most tech issues are related to failure to update java, using the incorrect internet browser (try use Google Chrome or Firefox instead of Internet Explorer), and/or not deleting browsing history files daily. Most issues are related to computer issues, not Blackboard. Please note that this instructor does NOT recommend use of any handheld devices for taking this course. Cellphones are wonderful but not for course work done on the Internet.
- Reminder - **bookmark** the Blackboard login page on your computer.

SPC Technical Support Contact: Call (806) 716-2180 or email at Blackboard@southplainscollege.edu for student technical support. I am your course work support contact. Only call or e-mail technical support with questions about Blackboard or computer functioning. There is Technical Support information in the Start Here area of your Blackboard course. It contains links to Student Tutorials and the Student Orientation Course for Blackboard. Contact me for any course content information.

PLEASE DO NOT WAIT UNTIL THE LAST MINUTE TO TURN COURSE WORK IN OR YOU MAY HAVE PROBLEMS! Remember the saying "**TECHNOLOGY HAPPENS!**"!

Anti-virus Software: Please make sure that your computer has an up-to-date antivirus software program installed.

Academic Integrity: In addition to the policy in the Common Course Syllabus, it should be understood that students found guilty of cheating or plagiarism will earn a zero on the work in question for the first offense and will be dropped from the course with an 'F' should a second offense occur. Any amount of dishonesty is subject to these consequences, whether a lot or a little; this can include but is not limited to one copied sentence of a written assignment, a

missing citation, an entire paper copied from someone/somewhere else, one plagiarized post on a discussion board, one copied exam item, looking at the scantron of another student during an exam or an exam or other coursework completed by someone other than yourself. You have also committed academic dishonesty when sharing course content/items/answers. This includes sharing course content with classmates or future students as well as sharing course content on websites such as Quizlet, Course Hero, or similar "study applications." For further information and examples please see the Catalog, Student Guide, or refer to www.plagiarism.org

There is an APA Citation tutorial in the Applying the Sociological Imagination Essay section of your Blackboard course.

Guidelines for Classroom Behavior: The following is in addition to the Common Course Syllabus:

I would like to welcome all students into an environment that creates a sense of community, pride, courtesy and respect; we are all here to work cooperatively and to learn together.

In order to create a smooth and harmonious learning community, please make every attempt to come to all the class sessions, to come to class on time, and to stay until the end of the class unless you have informed the instructor that you must leave early. There may be a time when you are unavoidably late for class. In that case, please come into the room **quietly** and choose a seat **closest** to the entrance. See me after class to record your attendance; otherwise you will be marked absent.

Once the class session has begun, please do not leave the room and then re-enter unless it is an emergency. If you have an emergency, inform me on your way out and take your things with you. **My starting a video is NOT a signal for students to leave the class for a break or to get on your cell phone.** You will have questions on exams that are taken from video information so it is important that you pay attention (**no cell phones**) during the videos. If you need to leave the classroom, take your things with you and come back the next class.

If you miss a class meeting for any reason, you are responsible for all material covered, for announcements made in your absence, and for acquiring any materials that may have been distributed in class. I do NOT give out my notes so you will need to get those from another student.

It is important that we are all able to stay focused on the class lecture/discussion and not have disruptive behaviors* in the class. This includes cell phones. Cell phones have become very commonplace but are inappropriate in class. If you have any of these technological marvels, turn them off or mute them prior to class. If you have a special circumstance, talk with the instructor prior to class. In addition, cell phones, laptops, tablets, etc. are not allowed in the classroom except for document-approved cases. **The class is an "electronic free zone" and if you choose to use a device, you may be asked to leave the class.**

During exams, all backpacks and belongings including cell phones will be placed at the front of the classroom. You may pick them up as you leave the class.

We are all adults and therefore I would appreciate having your attention when I lecture or when another student is speaking. That means that you will direct comments to the entire class and not just to those seated near you. Do not get "personal" when discussing topics. In addition, it is very rude to read papers or sleep in class. If you feel the need to do any of these things you may leave and return the next class.

***To further classify: Disruptive behavior includes but is not limited to being rude to an instructor or other students, walking out of class before class ends, using an electronic device, making "side comments" to other students, or any other non-adult behavior as defined by the instructor.** For additional information on student misconduct, refer to the *Student Guide*. Failure to abide by policies may result in expulsion from the class and an "F" for the semester.

- Any student that is called for any disruptive behavior in class may be asked to leave the class for the day and counted as absent for that day. Repeated offenses may result in the student being administratively dropped from the course with a grade of X or F.

Smoke free environment: The following is the SPC policy on tobacco use.

South Plains College prohibits the use of any tobacco product, electronic cigarette, or vapor device throughout all indoor areas and within a 25-foot perimeter around all facility entrances, exits and HVAC air intake vents under the control of SPC, including sporting facilities and SPC vehicles. Included in this ban are tobacco products of all types (including, but not limited to, cigarettes, cigars, pipes, chewing tobacco, snuff and all other kinds and forms of tobacco prepared in such a manner to be suitable for spit tobacco use, smoking, or both). *This ban also includes herbal tobacco products and simulated tobacco products that imitate or mimic tobacco products such as e-cigarettes, vapor cigarettes, pipes or other types of inhalation devices.*

Attendance Policy: The following is in addition to the Common Course Syllabus:

You are expected to attend class and remain for the entire class. Attendance is necessary as test questions will also come from the lecture, class discussion and other material received in class as well as the textbook. In addition, there will be in class activities and discussions that may be important to you. If you are absent OR late you will miss the opportunity to get the information or earn those grades. Also, if you are late, it is your responsibility to speak with the instructor to see if you missed an important announcement or assignment at the beginning of the class. If you are absent on the day of an in class activity, you miss those points. Attendance is important for many reasons and that is one of them.

In addition to the catalog policy on of the General Catalog, roll will be taken at each class session and a record of attendance maintained. **A student may be dropped from the course if 4 consecutive classes are missed OR 5 total absences are exceeded** with a grade of "X" or "F" regardless of your grade. If absences occur after the final drop date you will not be dropped and will receive the grade you have earned.

Roll will be taken every class period beginning the first day of class and will be used to document attendance. All absences are counted, including ones that are due to illness or other events.

If extra credit is offered for bringing the Power Point to class, **you must be in class when your name is called for the recording of attendance to earn the points for that day.** If you come in after your name is called, you won't get the points for that day. Arriving on time is very important.

Tardiness or leaving class early: **If you are tardy two times or if you leave class early two times that will equal one absence or a combination of the two** (one tardy and one leaving early equals one absence). Being late or leaving early is very disruptive so allow enough time in your schedule to arrive a few minutes early to class and remain until class is dismissed. If you do arrive late, quietly take a seat closest to the entrance. In addition, it is YOUR responsibility to

see the instructor to have your attendance noted on the roll sheet or you will be counted absent. This is IMPORTANT!

Diversity

In this class, the instructor will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world, and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

It is the policy of South Plains College to offer all educational and employment opportunities without regard to race, color, national origin, religion, gender, disability or age. In addition, this instructor will not tolerate remarks or gestures that can be construed to be sexist, racist, heterosexist or in any way disparaging to another person. Students who exhibit such behavior will be dropped from the class with a semester grade of "F" regardless of race, ethnicity, sex, religion, or sexual orientation.

COURSE POLICY AND REQUIREMENTS

This is what you need to do to **earn** your grade:

*****Course Agreement:**

You will receive a course agreement through the course email. When you receive the course agreement you will have two options. You may either respond to the course agreement with the words "I agree" or if you do not agree you may choose to drop the course. Responding with the words "I agree" is required to remain in the course. Response is no later than Sept 1st by midnight. Failure to respond is grounds for the instructor to drop you from the course with a grade of "X". Note - If you choose to come to class you are automatically accepting the rules and policies of this syllabus and course.

Course Work:

You are required to come to class prepared to learn. This includes reading the textbook material that is to be covered in class before coming to class, completing the InQuizitive assignments prior to the deadlines, come with an open mind, and be alert and ready to learn and participate in the classroom.

Your course work will include 4 exams, Introduction discussion plus 2 replies, 11 InQuizitive assignments, an essay about the Society's Impact on You, a social media project, and other in-class activities. All course work will be submitted through Blackboard except exams will be taken in the classroom. The instructor will give instructions in class for all other course work so it is IMPORTANT that you be in class and on time to receive those instructions. If you are not in class for an in class assignment, you will miss those points. See point breakdown below for grading information on the course work.

Exams:

- There will be four (4) exams. The 4th exam is your final exam. The final exam will be **not** be comprehensive. To avoid scheduling problems the following exam dates are "set in stone" therefore do not schedule conflicts.
- All electronic devices will be turned off and put out of sight during exams. Any violation of this rule may result in a **zero** for that exam.
- If you miss an exam a grade of "0" will be recorded for that exam grade and you may take a make-up comprehensive exam at the end of the semester.
- The make-up exam will be a comprehensive exam given during the time of your final exam. It will be 50 questions randomly selected from the chapters covered during the semester. Any student needing to take the make-up exam will first complete the final exam and turn it into the instructor. At that time the student will be given the make-up exam to take.
- If you miss two exams for any reason you will be dropped from the class with a grade of "F".

Introduction discussion posting - introduce yourself to the class and reply to two other students introductions. Check the Discussion Board for information to include in your post. To get to the Discussion Board click on the "Discussion" link on the left-hand side of the course homepage. To earn full credit you need a minimum of 10 quality sentences and you need to read the postings of other students in your section plus respond to 2 of them so you may have to log into the Discussion Postings several times. See the calendar in Blackboard and/or at the end of this syllabus for the deadline. Late work is not accepted in this course.

InQuizitive Assignments: There is a "How to Use" InQuizitive assignment that will help you learn how to navigate InQuizitive, as well as, 10 InQuizitive Assignments set up in Blackboard for each chapter of the textbook that will be covered in the course. You are to complete the assignments to earn this portion of your grade. See the calendar in Blackboard and/or at the end of this syllabus for the deadline. Late work is not accepted in this course.

A note about InQuizitive:

InQuizitive is adaptive learning and the time is set for 20 minutes. If you know all of the answers, you should finish in about that amount of time but if you guess and give incorrect answers, the program will add questions so it will take you longer than the 20 minutes. It is also recommended that you do the InQuizitive for a chapter before you take the quiz for that chapter to help prepare you for the quizzes.

Class activities and/or assignments: These activities may be in class, outside of class, or a combination of the two. These will be assigned and discussed at the beginning of a class so it is important that you be present to receive information and instructions. If you are late for class, it is your responsibility to check with the professor to see if an assignment was given before you entered class.

Short essay: You will write a short essay about how society has impacted you. Instructions/details will be posted in Blackboard.

Project: The project is a social media research project that requires the use of Instagram or FaceBook. Instructions/details will be posted on Blackboard.

Break down of points for the course:

4 Exams @ 100 each =	400 points
Introduction discussion =	50 points
11 InQuizitive assignments @ 20 =	220 points
Society's Impact on You essay =	100 points
Social Media Project =	100 points
Other Assignments/Activities =	<u>130 points</u>

All grades will be posted in Blackboard under the My Grades link.

Total Possible Points 1,000 points

Grading scale: A = 900 - 1000; B = 800 - 899.99; C = 700 - 799.99; D = 600 - 699.99; F = 0 - 599.99.

This scale is the typical: A = 90%-100%; B=80%-89.99%; C=70%-79.99%; D=60%-69.99%; and F=0%-59.99%.

Grades are NOT automatically rounded up.

If you have any questions about any of the course work or anything about the course material do not hesitate to speak to me during office hours, before/during/after class, or via Blackboard e-mail.

Study materials provided under the **Study Tools** link on your Blackboard home page. Study tools include [Power Points](#), [Course Materials](#), and to [Practice Quizzes](#) to help students as they study the materials for the course and prepare for exams. The practice questions come from the same test bank as some of the questions that will be on your exam. You may take each quiz as many times as you want to and they are not timed. The grades you earn on the Practice Quizzes are not counted in your total points earned so they don't raise or lower your grade for the course. However, taking the Practice Quizzes may help your exam grades.

Participation & Attendance: Attendance is required and attendance will be recorded each class. In addition, it is important that you come to class **PREPARED**. That means that you need to have read the material that will be covered in class that day. If you miss class, take responsibility to find out what you have missed. Remember, if you are tardy, you are responsible for seeing me to have your attendance recorded on the attendance sheet before you leave the classroom and 2 tardies and/or leaving early equal one absence. As stated in the Attendance section, **a student may be dropped from the course with a grade of "X" or "F" when you miss 4 consecutive classes or exceed 5 total absences.** If absences occur after the last drop date you will not be dropped and will receive the grade earned for the course.

Extra credit opportunities will be made available during the semester. I recommend that you take advantage of those opportunities as they become available as I will not make extra credit available on individual request.
