C. Course Competencies: Upon successful completion of this course, each student will have demonstrated through written examinations, and individual and group projects, a competent understanding of:

- Learn the parts of a camera, covering the inner workings of a lens, camera, sensor, and codecs.
- The importance of depth of field control, focus control, and camera angles.
- Audio acquisition techniques, microphones, and microphone placement.
- Video file offload and backup routines.
- Organization of files to be handed off to post-production.

D. Academic Integrity: As stated in the General Catalog - "It is the aim of the faculty of South Plains College to foster a spirit of complete *honesty* and a high standard of *integrity*. The attempt of any student to present as his or her own work which he or she has not *honestly* performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension.

Cheating: Dishonesty of any kind on examinations or written assignments, illegal possession of examinations, the use of unauthorized notes during the examination, obtaining information during an examination from a textbook or from the examination paper of another student, assisting others to cheat, alteration of grade records, illegal entry or unauthorized presence in an office are examples of cheating.

Complete honesty is required of the student in the presentation of any and all phases of course work. This applies to quizzes of whatever length as well to final examinations, to daily reports and to term papers.

Plagiarism: Offering the work of another as one's own, without proper acknowledgment, is plagiarism; therefore, any student who fails to give credit for quotations or essentially identical expression of material taken from books, encyclopedias, magazines and other reference works, or from themes, reports or other writings of a fellow student, is guilty of plagiarism.

II. SPECIFIC COURSE/INSTRUCTOR REQUIREMENTS

A. Textbook and Other Materials: There are no texts required for this course. Students are encouraged to use the handouts from previous ARTV courses as resource materials.

B. Attendance Policy: Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

The first two absences will not affect the student's grade, but each additional absence will result in a five point reduction from the student's final grade. If you have 6 absences, you may be dropped from the course. Any student not present at roll taking will be counted absent unless there was prior notification to the instructor. A student who comes into class within the first few minutes can request that that the absence be changed to a tardy after the class is over. Being tardy three times will count as one absence.

Excused absence: An absence that has been discussed prior to the missed class, and arrangements have been made to make up the work; or, a student presents documentation as explanation of the absence. Making up an excused absence: It is at the instructor's discretion to allow a student to do additional work to make up an excused absence.

The chairperson of the Creative Arts Department, Administration, or Counseling Department must approve, in writing, any deviation from the attendance policy.

C. Assignment Policy Students will be required to complete several group and personal projects on or before the due dates assigned. The students will meet with assigned program coordinators on campus to produce promotional materials for that program.

D. Grading Policy/Procedure and/or methods of evaluation: There are several areas students will be expected to be knowledgeable in. These will be covered during the lectures. The competencies covered will be what a prospective employer expects an employee to possess to obtain or maintain employment. **Video Production majors only must make a 'C' or better to advance.**

The competencies will be evaluated in assignments and projects. The projects will be completed as specified by the instructor.

Instructor evaluation of attendance, punctuality, preparedness, attitude, and participation in classroom activities, discussions, and participation in productions will also be considered in the student's final grade.

All exams and projects are based on a one hundred-point scale:

Grade Value	Grade Scales			
a) Assignment	30	100 – 90	=	A
b) Projects	40	89 – 80	=	B
c) Attendance and Punctuality	10	79 – 70	=	C
d) Quizzes	10	69- 60	=	D (Non Majors Only)
e) Instructor Evaluation	<u>10</u>	59- 0	=	F

E. General Class Room Information: Absolutely, **NO** foods or drinks will be allowed in the control room at anytime without the permission of the instructor. Also, all electronic devices, including cell phones and computers will be turned off during classes and shows unless there was prior approval by the instructor. Any student that violates the above will receive an "F" for that day and be asked to leave with an absence.

III. DIVERSITY STATEMENT: In this class, the teacher will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves.
