PROFESSIONAL EXPERIENCE

2018- Current

- Lubbock Independent School District: School Nurse Lubbock, TX
Waters Elementary School (PreK- 5th grade)
Nursing care performed for approximately 500 students and 70 staff members at the school to include daily, and PRN medication administration. Assessments and interventions performed for injuries, asthma, first aid, and emergency responses. Daily diabetic care, medication, asthma, and seizure care provided. Educational teaching performed to staff regarding blood-borne pathogens, allergic reactions/ EpiPen injections, CPR, asthma and seizure management. PowerPoint presentations created and presented to staff regarding seizure, and asthma management. Care plans developed for students and updated/ reviewed

yearly or as needed. Vision, hearing, scoliosis, BMI and acanthosis nigricans health screenings performed on approximately 400 students yearly with referrals sent out as needed. Student Immunization records reviewed and updated on all students. Parental teaching provided as needed.

- Created a hand-hygiene educational video for all LISD staff as a preventative measure to mitigate the spread of COVID-19 during the 2020-2021 school year.
<https://www.youtube.com/watch?v=NcTpbVPA7KI>
- Worked with the LISD Health Care Coordinator and other LISD nurses during the summer of 2020 to determine LISD guidelines how to safely open the schools during the COVID-19 pandemic.
- Preceptor for newly hired LISD nurses.
- Constructed 12 individualized healthcare plans (IHPs)/nursing care plans for Lubbock ISD.
- Designated to be a “Point Person” for LISD nurses as a reference for questions or concerns by nurses when the LISD Health Care Coordinator was unavailable.
- Implemented the Institute for Healthcare Improvement’s (IHI) *Ask Me 3*® toolkit for parental/guardian education for student illness or injury discharge teaching in clinic.

2015-2018

- Lubbock Independent School District: School Nurse Lubbock, TX
Dunbar College Preparatory Academy (6th-8th grade):
Hands-on nursing care performed solely by RN for approximately 550 students and 70 staff members. Assessment and interventions performed for injuries, illnesses, asthma, first aid, and emergency responses. Epi-Pen, seizure, blood-borne pathogens, diabetic care, asthma management, emergency-response team coordination and CPR training to staff performed. GT-tube feedings, diabetic, asthma, seizure, and first-aid/emergency response care provided to staff and students as needed. Nursing care plans for students created and reviewed yearly/ as needed. RN revised and created new care plans (IHPs) for Lubbock ISD. Immunization and health care screenings for vision, hearing, blood pressure, dental, BMI and acanthosis nigricans performed on approximately 450 students annually to ensure state compliance. Student immunization records reviewed and updated on all students. Immunization and flu clinics set up at the school bi-annually. Parental teaching done as needed.
 - RN created the *Child Check* safety system at the school which helps ensure that staff members do not accidentally leave their children in their cars while at the school.
 - Preceptor for newly hired LISD nurses and BSN nursing students.
 - Worked with Ferguson Bath, Kitchen, & Lighting Gallery to donate a new washer and dryer for an at-need student/family.
