General Course Information

Course Description

Pre-requisite: Completion of any required developmental coursework and 15 or more college-level semester credit hours (including ENGL 1301) with a 2.5 or higher GPA or approval of the Program Coordinator.

This course offers an enriched, integrated pre-service course and content experience that provides active recruitment and institutional support of students interested in a teaching career, especially in high need fields. The course provides students with opportunities to participate in early field observations at all levels of EC - 12 schools with varied and diverse student populations and provides students with support from college and school faculty for the purpose of introduction to and analysis of the culture of schooling and classrooms. Course content is aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards; and the course includes a minimum of 16 hours of classroom observations in EC – 12 classrooms.

Student Learning Outcomes

- Evaluate personal motivations, educational philosophies, and factors related to educational career decision-making.
- Identify current issues influencing the field of education and teacher professional development.
- Recognize the various multiple intelligences/learning styles in order to be able to implement instructional practices that meet the needs of all students.
- Analyze the culture of schooling and classrooms from the perspectives of language, gender, socioeconomic, ethnic, and disability-based academic diversity and equity.
- Provide examples from classroom observations and course activities that demonstrate understanding of educational pedagogy and professional responsibilities of teachers.

Field Experience Component

EDUC 1301, as the course title indicates, is an introduction to the teaching profession and a requirement for the Associate of Arts in Teaching (AAT) degree. In addition to attending all class meetings throughout the semester, students will be given four education/field-experience assignments, each one expected to entail approximately 4 hours to equal 16 hours of total time. **Students will also need to complete and pass a criminal background check.**

For ALL Classroom Presentations & AAT Observations: professional dress is required. Professional dress is considered a collared, button-down or golf shirt, Docker-style pants, slacks, skirts, or dresses. (Girls, if you wear a dress, it needs to be cut no shorter than just above the knee—NO MID-THIGH dresses are permitted). Professional dress does NOT include sun-dresses or shirts with spaghetti straps, hoodies, sweat pants, flip-flops, t-shirts, ball caps, jeans, tennis shoes, shorts, mini skirts, or any other type of casual clothing for sports or leisure. Students failing to respect these rules will receive a zero “0” for the observation and assignment and will not be allowed to make it up.

Professionalism: I place a **great** value on professionalism. It is **KEY** to being an effective teacher, and this semester is your opportunity to demonstrate this skill. Your participation/attendance/professionalism grade is a subjective grade, which is judged based upon my perspective and measured by your actions. It will be expected especially during your field experiences. Please remember that we are guests in the schools that we observe. This should be taken into consideration in your dress, speech, and actions. When you become a teacher, your professionalism is judged by students, fellow teachers, administrators, parents, and the community.

What is professionalism?

Some examples of professionalism include, but are not limited to: effective communication, punctuality, respect for fellow classmates, instructor and staff (in both actions and speech), being

prepared for class and proper behavior and attitude in the field (see observation requirements), how you handle situations and interact with others, maintaining confidentiality, and above all...maintaining positive public conversations held with other students concerning the education courses and program, especially in the presence of students that have not yet entered the program.

You will be required to turn in a signed (by school) verification sheet to Mrs. Martin at the conclusion of each observation. For each observation, you need to find the corresponding “Field Experience Topic Assignment.” These topics are based on TEA’s Pedagogy and Professional Responsibilities Standards and will guide your observation and the focus of your reflection paper. Each observation reflection paper should be at least 1 ½ pages and will be due one week after each observation. Grading rubrics are available on Blackboard. *Failure to attend your scheduled observation times (without a valid and documentable reason) will result in zeroes for all assignment-related grades, including the final observation project.*
- **Final Lesson Planning Presentation**
This is a 3-part project: (1) During the course of the semester, you will create 3 – 5 days of lesson plans for one grade level/subject (designed for a 45-minute class period). (2) You will prepare a PowerPoint/Prezi presentation that introduces your educational philosophy and gives an overview of the lesson plans you have created. (2) You will “teach” a 15-minute segment from one of your prepared lessons. You will also prepare a binder that includes your educational philosophy essay, the project assignments, and your lesson plans. Grading rubrics are available on Blackboard. Presentations will be made in a face-to-face classroom on the 3rd floor of the library (Levelland campus). A sign-up sheet will be made available on Blackboard.

Attendance

Face-to-Face: Students must attend each session and be on time. If you have questions about an absence, please see the instructor. Absences will affect your grade in this course. You may be dropped from the course with an “X” or an “F” if I believe the objectives of the course cannot be met due to your lack of participation and attendance. If you have excessive absences, I will try to contact you. If you have excessive absences and you do not respond to my attempts to contact you, you will receive an F in the course. Participation means active engagement. A person cannot be actively engaged if texting or using a cell phone. Use of a cell phone in class may be counted as an absence. Please email me if you know you will be absent.

Online: Students are expected to log into Blackboard on a daily basis. New modules will open each Thursday. If I believe the objectives of the course cannot be met due to your lack of participation in the weekly activities, you may be dropped from the course with an “X” or an “F.”

During the semester, we will need to schedule a few face-to-face meetings. These meetings are mandatory. If an emergency prevents you from attending one of these meetings, you will need to contact the instructor ASAP.

It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a serious offense and renders the offender liable to serious consequences, possibly suspension. *To be more specific, this includes copying the work of another author and not citing the source from where it was found. (Plagiarism) A failing grade will be given for the assignment. Any student caught or reported cheating on an exam will also be given a failing grade and possibly dropped from the course.
