General Assignment Information

- **Article/Summary Abstract:**
You will select and read an article (published in a peer-reviewed, academic journal) that discusses one of the disabilities, exceptionalities, or cultural/linguistic diversities that teachers may encounter in their classrooms. Then you will write a 2-page abstract (summary + review) of the article (with appropriate APA citations). Be prepared to share the information you read in the article with the class. Guidelines and a rubric for this assignment, along with other pertinent instructions will be passed out in class (or made available on Blackboard).
- **Interview/Transcript**
Interview a parent or teacher of a special-needs/exceptional child or an adult who was classified as a special-needs or exceptional child during his/her schooling. Transcribe your interview and type a 1 – 1 ½ page reflection. Guidelines and a rubric for this assignment, along with other pertinent instructions will be passed out in class (or made available on Blackboard).
- **Lesson Plan Presentation**

You will design and present a lesson plan based on a specific grade level and a specific topic within a specific subject (e.g. a lesson on adjectives as part of a 3rd grade English Language Arts (ELA) grammar unit. Your lesson plan must include specific modifications for one or more special populations. Guidelines and a rubric for this assignment, along with other pertinent instructions will be passed out in class (or made available on Blackboard).

- **Observation Project**

This is a 3-part project. First, you will meet with Mrs. Ruth Mills to schedule 4 different observations of classrooms. In the class, you will take field notes and submit the field notes to me for review. Using your field notes, you will then write a 2 – 3 page reflection paper. This will be a research paper; therefore, you will be expected to use correct APA formatting and citations. Guidelines and a rubric for this assignment, along with other pertinent instructions will be passed out in class (or made available on Blackboard).

- **Mid-Term Exam**

You will have one mid-term exam, which will cover the concepts we have learned up to that point. During the exam, everything you have brought to class will be kept out of sight the entire time. This includes all electronic devices, notebooks, textbooks, backpacks, etc. Students may not wear headgear, earphones, or sunglasses, etc. during the exam.

- **Missed Exam:** If a student misses an exam, the student will receive a 0 for the exam. HOWEVER, if you have documentation for missing the exam (e.g. an official doctor's note), then you may make up the exam within a week.

- **Annotated Bibliography**

Students will compile an annotated bibliography (APA format) of 5 websites and 5 apps that are designed to provide instructional support for students with a specific disability, exceptionality, cultural/linguistic diversity, or other educational obstacle (e.g. LEP students). Guidelines and a rubric for this assignment, along with other pertinent instructions will be passed out in class (or made available on Blackboard).

- **Field Experience**

You will visit 4 different school campuses to complete 16 hours of observation in the field over the course of the semester. Be sure to read carefully the "Observation Procedures and Rules" sheet. You will be required to turn in a signed (by school) verification sheet to Mrs. Mills at the conclusion of each observation. You will also need to take detailed notes over each field experience. This will be taught in class. EDUC 2301 differs from EDUC 1301 in this area. Rather than writing a reflection after each campus visit, you will type up your field notes and submit those for grading. Additionally, after all of your campus visits, you will be given a reflection project to be completed and submitted for grading towards the end of the semester. In order to submit your final reflection project, you must have turned in all verification sheets. *Failure to attend your scheduled observation times (without a valid and documentable reason) will result in zeroes for all assignment-related grades, including the final observation project.*

For ALL Classroom Presentations & AAT Observations: professional dress is required. Professional dress is considered a collared, button-down or golf shirt, Docker-style pants, slacks, skirts, or dresses. (Girls, if you wear a dress, it needs to be cut no shorter than just above the knee—NO MID-THIGH dresses are permitted). Professional dress does NOT include sun-dresses or shirts with spaghetti straps, hoodies, sweat pants, flip-flops, t-shirts, ball caps, jeans, tennis shoes, shorts, mini skirts, or any other type of casual clothing for sports or leisure. Students failing to respect these rules will receive a zero “0” for the observation and assignment and will not be allowed to make it up.

Professionalism: I place a great value on professionalism. It is KEY to being an effective teacher, and this semester is your opportunity to demonstrate this skill. Your participation/attendance/professionalism grade is a subjective grade, which is judged based upon my perspective and measured by your actions. It will be expected especially during your field experiences. Please remember that we are guests in the schools that we observe. This should be taken into consideration in your dress, speech, and actions. When you become a teacher, your professionalism is judged by students, fellow teachers, administrators, parents, and the community.

What is professionalism?

Some examples of professionalism include, but are not limited to: effective communication, punctuality, respect for fellow classmates, instructor and staff (in both actions and speech), being prepared for class and proper behavior and attitude in the field (see observation requirements), how you handle situations and interact with others, maintaining confidentiality, and above all...maintaining positive public conversations held with other students concerning the education courses and program, especially in the presence of students that have not yet entered the program.

Institutional and Academic Policies

Attendance

Face-to-Face: Students are expected to be on time and attend class each time it is in session. After your 4th absence, you may be dropped from the class. Please email me if you know you will be absent.

Online: Students are expected to log into Blackboard on a daily basis. New modules will open each Friday. Students who miss more than 6 deadlines, may be dropped from the class. During the semester, we will need to schedule a few face-to-face meetings. These meetings are mandatory. If an emergency prevents you from attending one of these meetings, you will need to contact the instructor ASAP.

Unforeseen Circumstances: If a student is dealing with an unforeseen circumstance, the student should contact the instructor **IMMEDIATELY**, before the due date of an assignment. Please do not assume that the instructor will change the due date of an assignment, or extend the date, due to unforeseen circumstances. *It is only at the instructor's discretion that a due date may be amended or extended.* If a date is changed, it will only be changed/extended once. After that, a grade of 0 will be given for the assignment.

Academic Integrity/Plagiarism

It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a serious offense and renders the offender liable to serious consequences, possibly suspension. *To be more specific, this includes copying the work of another author and not citing the source from where it was found. (Plagiarism) A failing grade will be given for the assignment. Any student caught or reported cheating on an exam will also be given a failing grade and possibly dropped from the course. You are in a teacher preparation program and behavior of this sort is not conducive to the standards and behavior that is expected as a participant in the AAT program.*

Diversity Statement

In this class, the teacher will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world, and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

Disability Services

Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability. Please be advised that individuals coming onto any SPC campus must abide by the Campus-Carry laws that went into effect in 2017.

*The 84th Texas legislature passed Senate Bill 11, commonly known as the "campus carry" bill went into effect on August 1, 2017. Individuals holding a licensed to carry (LTC) or concealed handgun license (CHL) holders will have the legal right to carry a concealed handgun onto community college campuses; however, they **cannot** openly carry the handgun.*

The intention of the master syllabus is to provide an outline of the contents of this course, as specified by faculty of the Teaching and Learning Department at South Plains College, regardless of who teaches the course, when it is taught, or where it is taught. Faculty members teaching this course for SPC are expected to facilitate learning pursuant to the course objectives. However, instructors are also encouraged to cover additional topics of interest so long as those topics are relevant to the course's subject. The master syllabus is, therefore, prescriptive in nature but also allows for a diversity of individual approaches to course material.
