#### GENERAL COURSE INFORMATION:

<u>Course Description: Prerequisites</u>: ELPT 1411 and 2305. A study of the design, operation, and technical details of modern power distribution systems, including generating equipment, transmission and distribution lines, plant distribution, and protective devices. It also includes calculation of ground fault current, system load analysis, rates and power economics.

<u>Course Learning Outcomes</u>: The goals/objectives of this course are:

The student will identify the major parts of utility systems.

Compare overhead systems with underground systems.

Discuss mechanical design considerations to meet codes, standards, climate, and terrain relating to utility systems.

Explain electrical considerations for utility lines.

Relate the economics involved in utility lines.

<u>Academic Integrity:</u> The attempt of any student to present as his or her own work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension. If you have a question as to whether you may work with other students on any assignment, ASK YOUR INSTRUCTOR.

<u>Assignment Policy:</u> All required work must be turned in on time in order that the student may benefit from the corrections and study for future examinations. Assigned outside work is DUE ON THE CLASS PERIOD ASSIGNED. The instructor has sole discretion as to whether late work is acceptable.

Attendance Policy: The South Plains College attendance policy is stated in the General Catalog. Punctual and regular attendance in class is required of all electrical power transmission students. Each student is responsible for all class work covered while he or she was not in class. At the discretion of the instructor, a student may complete make-up work assignments for unavoidable absences. ANY STUDENT WITH FOUR CONSECUTIVE ABSENCES WILL BE

## DROPPED FROM CLASS. STUDENTS WITH MORE THAN FOUR ABSENCES WILL BE DROPPED AT THE INSTRUCTORS DISCRETION.
