

South Plains College
Common Course Syllabus: ITSW 1304
Semester: Summer I 2024
Revised 5/28/2024

Department: Computer Information Systems
Discipline: Technical Education Division and Arts and Sciences Division
Course Number: ITSW 1304
Course Title: Introduction to Spreadsheets

Instructor Contact Information:

Name: Michael Slaughter
Office Location: TC206 (Levelland) / LBC 120D (Lubbock Center)
Email: mslaughter@southplainscollege.edu
Office Phone: (806) 716-2242
Meet Online: <https://calendly.com/ms-spc>
Office Hours: See Calendly link above.

Course Sections:

Section: ITSW1304.151
Format: Online
Lecture: Online
Lab: Online

Course Description: Instruction in the concepts, procedures, and application of electronic spreadsheets.

Prerequisite: None

Credit: 3 **Lecture:** 2 **Lab:** 4

TextBook Program: This course is in the SPC TextBook program, so you do not need to purchase a textbook or access code for this course. This course will use: **MyLab IT with Pearson eText Direct Integration for Exploring 2021 with Technology in Action - Inclusive Access**

TextBook Program: This course is in the SPC TextBook program, so you do not need to purchase a textbook or access code for this course.

What is TextBook? The required textbook/digital content for this course is available to you in Blackboard from the first day of class. The charge for the textbook/digital content is the lowest price available from the publisher and bookstore and is included in your tuition.

How do I access my TextBook? Your course material is in your Blackboard course from the first day of class. Access to your course material is provided either by VitalSource or other links

inside your Blackboard course. VitalSource (and many publisher's) eBook features include the ability to hear the text read aloud, highlight, take notes, create flash cards, see word definitions, build study guides, print select pages, and download 100% of the book for offline access.

Opting out of TexBook: Participating in TexBook is not mandatory, and you can choose to opt out. However, by opting out you will lose access to the course textbook/digital content and competitive pricing, and you will need to purchase the required course material on your own. If you drop the class or opt-out before the opt-out deadline, the TexBook fee will be automatically refunded to your SPC account. The opt-out deadline for Fall and Spring is the twelfth class day. The opt-out deadline for shorter terms varies between the second and third class day.

***Please consult with your professor before deciding to opt-out.** If you still feel that you should purchase the course textbook/materials on your own, **send an opt-out email to patricia.wells@bibliu.com**. Include your first name, last name, student ID number, and the course you are opting out of. Once you have been opted-out, you will receive a confirmation email. If you need assistance with the process, contact the SPC Bookstore:

Email: patricia.wells@bibliu.com / Phone: 806-716-2097

Supplies:

- Microsoft Office 365 Education or Office 2021 (Free through SPC, see Blackboard)
- Reliable Internet Connection
- Computer with Windows OS (Recommended) or Mac OS (Not a Chromebook)
- You may not be able to complete all of the assigned projects with Mac OS. Windows OS is highly suggested.
- Office 365/2021 for Mac OS may not adequately prepare the student for the MOS certification. SPC Lab computers or the VMWare Horizon Client is recommended (See Blackboard for installation instructions).
- Google Chrome or Mozilla Firefox

Student Learning Outcomes: Define spreadsheet terminology and concepts, create formulas and functions, use formatting features, and generate charts, graphs, and reports. For more detailed information please see the Microsoft Office Specialist: Excel Associate (Excel and Excel 2021) – Skills Measured posted in Blackboard.

Course Evaluation: Students will be evaluated by assignments, projects, and exams.

Category	Percentage
Simulations/Grader Projects (All Content in Learning Modules)	40%
MOS Practice Exams in MyLabIT and GMetrix	20%
MOS Certification Exam (Pass/Fail)	40%

IMPORTANT -

- **Students must schedule and take MO-210 before the end of the course to pass**
- **Pass/Fail means if you pass the MOS (MO-210) certification exam, the student will receive 100% credit; if not, the student will receive 0% credit.**

Attendance Policy: Students are expected to attend all classes in order to be successful in a course.

Class attendance, even online, is extremely important to meeting the objectives of this course. Students are responsible for initiating their own withdrawal/drop if that becomes necessary.

See the General Catalog Attendance Policy for additional information.

COVID-19:For more information and resources about COVID-19, please visit:
<https://www.southplainscollege.edu/emergency/covid19-faq.php>

Plagiarism and Cheating: Students are expected to do their own work on all projects, quizzes, assignments, examinations, and papers. Failure to comply with this policy will result in an F for the assignment and, if circumstances warrant, an F for the course.

Plagiarism violations include, but are not limited to, the following:

1. Turning in a paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail order term paper mill.
2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation.
3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them.
4. Missing in-text citations.

Cheating violations include, but are not limited to, the following:

1. Obtaining an examination by stealing or collusion.
2. Discovering the content of an examination before it is given.
3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment.
4. Entering an office or building to obtain unfair advantage.
5. Taking an examination for another.
6. Altering grade records.
7. Copying another's work during an examination or on a homework assignment.
8. Rewriting another student's work in Peer Editing so that the writing is no longer the original student's work.
9. Taking pictures of a test, test answers, or someone else's paper.

Withdrawal Policy: Students who withdraw from the course will receive a grade of W. It is the student's responsibility to withdraw from this course. Otherwise, students will be assigned their

earned letter grade at the end of the semester. Course averages will be updated regularly throughout the semester to aid students in their decision to drop the course or not.

- Please check the SPC academic calendar for the last day to withdraw/drop the course here: <https://www.southplainscollege.edu/academiccalendar/>
- For more information regarding drops/withdrawals, please visit: <https://www.southplainscollege.edu/admission-aid/apply/schedulechanges.php>

Student-Owned Computer Equipment: Students may choose to use their own computer equipment to complete the assigned coursework. SPC provides Microsoft Office to students for installation and use on their personal computers. It is the sole responsibility of the student to ensure their computer system meets the minimum requirements for all required or suggested software. It is also the sole responsibility of the student to ensure their computer system is in working order, free of malware, and sufficient to complete the assigned coursework. Computer or system malfunction or failure is not an excuse for late coursework. The instructor is not liable for the student's computer maintenance and cannot troubleshoot or repair issues on student-owned computers. If the student needs computer assistance, they can contact the SPC student helpdesk.

SPC Help Desk

- Telephone Number: Help Desk at (806) 716-2600
- E-mail: helpdesk@southplainscollege.edu
- Location: Library Lobby - Levelland
- Normal Hours: Monday - Friday: 8:00 a.m. - 4:00 p.m.

SPC Tutors: Tutoring is FREE for all currently enrolled students. Make an appointment or drop-in for help at any SPC location or online! Visit the link below to learn more about how to book an appointment, view the tutoring schedule, get to know the tutors, and view tutoring locations.

<http://www.southplainscollege.edu/exploreprograms/artsandsciences/teacheredtutoring.php>

Tutor.com: You also have 180 FREE minutes of tutoring with tutor.com each week, and your hours reset every Monday morning. Log into Blackboard, click on tutor.com link on the left-hand tool bar and grab a session with a tutor. You can access tutor.com tutors during the following times:

- Monday-Thursday 8:00 p.m. – 8:00 a.m.
- Weekends starting Fridays at 6:00 p.m. through Monday mornings at 8:00 a.m.

Student Code of Conduct Policy: Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither instructor nor student should be subject to others' behavior that is rude, disruptive, intimidating, aggressive, or demeaning. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class.

For more information regarding official South Plains College statements about intellectual exchange, disabilities, non-discrimination, Title IX pregnancy accommodations, and campus concealed carry, please visit: <https://www.southplainscollege.edu/syllabusstatements/>

IMPORTANT INFORMATION BELOW

Communication: This is an online class and all communication for this class will be conducted through SPC email. All students will be required to check their SPC student email accounts regularly for course updates and announcements. All replies to emails will be sent to the student's SPC email address. Please include your name, course name, and section number in all email communication.

Additional Textbook Information: The required MyLab IT access code with the Exploring 2021 etext, which is completely online (no physical book) can be purchased online through Pearson or at the SPC bookstore. If using the TexBook program, the access code is automatically charged to your student account as part of your registration.

Reading Assignments: Mandatory, assigned reading is a requirement for this course. Without reading the book and going through the voluntary tutorials, you may fall behind and become lost as we move through the semester. Going through the book, following the tutorials, and doing the simulations will greatly help you pass the grader projects and exams.

Assignments: Assignments will be available through Blackboard. The course calendar outlining due dates and availability times is available in Blackboard. There may also be homework assignments and projects assigned periodically throughout the semester. **No late work is accepted!** You are expected to complete all homework assignments within the due dates indicated. Missing homework assignments may result in an administrative drop.

It is important for you to start your homework early in the week. Do not wait until the night it is due to report problems. If you report problems the night of an assignment, the instructor is not obligated to re-open those for you. Start your homework early in the week and complete it with time to spare!

Grader project assignments and the exams require Office 2021 or Office 365 installation on the computer. You cannot use the online Office applications to complete these assignments. These assignments can be completed on Windows 8 or 10 machines or on a Mac with Office 2021/365 installed.

In this course, I highly discourage using a Mac to do the projects. The MOS exam will be administered on a Windows operating system and the Office programs may look different. Grader projects and exams cannot be completed on a Chromebook.

Mac users may run into several compatibility issues or problems with the instructions. I suggest all Mac and Chrome users utilize the free VMWare Horizon Client to complete grader project assignments. Instructions for installation and use of this tool can be found in Blackboard. The Technology Center, Lubbock Center, Plainview Center, and Reese Campus all have open computer labs available for student use.

Practice Exams: Practice exams will be given using the MyLab IT courseware and GMetrix software. Practice exams will be open for several days and no make-up exams will be given.

MOS Exam: Students will be required to schedule and take the MO-210 exam before the end of the course. This is a certification exam and will be registered in the gradebook as pass/fail. This means if you pass you get full credit for the MOS Exam (100%), if you fail the certification exam you get no credit (0%). One retake will be offered. This exam is 40% of the final grade.

The MOS exam must be taken in person at South Plains College during the final two weeks of the semester. The instructor will post times and locations (Levelland and/or Lubbock locations) for students to sign up for the MOS exam toward the end of the semester.

Late-Work and Coursework Extensions: No late coursework (simulations, grader projects, exams, etc.) will be accepted. No extensions will be given for any coursework. There are two exceptions to this policy. One, you are severely ill and/or hospitalized. If this is the case, you must contact DeEtte Edens at dedens@southplainscollege.edu or at (806) 716-2376 and submit the required documentation to her. She will notify me if the illness warrants an extension. Two, there is a verified service outage of the SPC Blackboard system and/or the Pearson MyLab IT system. A verified outage means the SPC Information Services department, the SPC Instructional Education department, and/or the Pearson System notify and acknowledge a substantial recorded downtime. If this occurs, an extension will be granted at the instructor's discretion.

Keep in mind, issues with the student's internet connection and/or computer equipment do not warrant an extension. Also, the instructor will administratively drop some grades at the end of the semester to cover the occasional times that students are unable to complete coursework due to family issues, illness, and/or computer-related issues.

Gradebook: Grades will be available in Blackboard. MyLab IT syncs grades with Blackboard periodically throughout the semester.

Counseling: If at any point in the semester you find yourself having trouble with stress or feel depressed please stop in and see a counselor. Counseling services are available at all campuses. The number for the counseling office is 806-716-2366. Below is a link to SPC's personal counseling services. - <https://www.southplainscollege.edu/health/mentalhealthresources.php>

Note: The instructor reserves the right to modify the course syllabus and policies, as well as notify students of any changes, at any point during the semester.
