**Course Requirements:** To maximize a student's potential to complete this course, he/she should attend all class meetings, complete all homework assignments and examinations in a timely manner, and complete all other projects or papers as assigned in the instructor's specific instructions.

**Course Evaluations:** You will have the opportunity to evaluate this course and the instructor toward the end of the semester. A link to complete course evaluations will be provided in Blackboard when it becomes available.

**Technology Requirements:** This course is fully online and you must have reliable access to a computer and the internet. If you do not own a computer or do not have access to a reliable internet connection then I would recommend using the computer lab, library, or other appropriate alternative. You must have access to a computer and the internet to complete this course. Failure to have access to either a computer or the internet is not a valid excuse for missing assignments, quizzes, exams, or other course content. **Class Schedule:** All graded items must be completed **BEFORE 12:00PM (NOON)** on their end date. Please note that you can and should complete work before the last day it is available, but of course you have until the due time to complete work. You may have noticed that I have organized this “5-week” course into 4 weeks. I do this because it is really 4 ½ weeks. So I made the first week longer (10 days) and the remaining weeks 7 days. I also end each week on Wednesday. This is because we are required to hold our final exam on Wednesday, July 2. Keeping due dates at the same time and place helps to ensure no one forgets to complete work on the correct day and time. You may have also noticed that I have made your graded items due at noon (12:00PM). I do this because this ensures that I can respond to your emails when technology or other issues occur and so can other staff who may be needed to assist you with your technology or technical issues.

**Office Hours:** I will be available throughout the workday (9:00am to 5:00pm) Monday through Friday. You can email me during these times with any questions or concerns. I will also be available for meetings if necessary. Since this is an online class I suspect most of our communications can be handled via email.

**Dropping a Course:** Students may drop courses through Texan Connect, the Admissions and Records Office, or Advising and Testing Center through the late registration period.

After late registration has closed, a student must complete the online [Student Initiated Drop Request](#) to drop a course.

Students may also drop courses in person at any campus location by completing a Student Initiated Drop Form. Complete a [Student Initiated Drop Form](#) and return the signed form to the Levelland Admissions and Records Office, the Student Support Center at the Lubbock Downtown Center, the Lubbock Career and Technical Center, or Plainview Center. You must have a picture ID to complete the drop.

A mark of "W" will be given for student-initiated drops that occur prior to and through the last day to drop as indicated in the online Academic Calendar found here:  
<https://www.southplainscollege.edu/academiccalendar/index.php>.

**Plagiarism and Cheating:** Students are expected to do their own work on all projects, quizzes, assignments, examinations, and papers. Failure to comply with this policy may result in an F for the assignment and can result in an F or X for the course, if circumstances warrant.

Plagiarism violations include, but are not limited to, the following:

1. Submitting work that has been purchased, borrowed, or downloaded from another student or an online term paper site.
2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation;
3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them; or
4. Missing in-text citations.
5. Violating the Artificial Intelligence policy, as outlined in the syllabus. For more information on AI, please reference this in the syllabus statements:  
<https://www.southplainscollege.edu/syllabusstatements/>

Cheating violations include, but are not limited to, the following:

1. Obtaining an examination by stealing or collusion;

2. Discovering the content of an examination before it is given;
3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment;
4. Entering an office or building to obtain unfair advantage;
5. Taking an examination for another;
6. Altering grade records;
7. Copying another's work during an examination or on a homework assignment;
8. Rewriting another student's work in Peer Editing so that the writing is no longer the original student's;
9. Taking pictures of a test, test answers, or someone else's paper.

**A.I. Policy:** The use of A.I. technology to create or supplement written work for this class is prohibited. Using A.I. to create or supplement your written work constitutes both cheating and plagiarism in this course. If I suspect a student has used A.I. to create or supplement their written work or an A.I. detection service identifies part or all of the written work to have been generated using A.I., then I will assign the student a zero for the assignment. If a student's written work was incorrectly identified as created or supplemented by A.I. then the student must contact and meet with the instructor within 7 days of their grade posted in Blackboard. The instructor will replace the student's grade if they can demonstrate mastery of the content covered by the assignment. It is the responsibility of the student to contact the instructor if their assignment was incorrectly flagged as using A.I. to create or supplement their written work.

**Honorlock:** in this course I will be using Honorlock to proctor quizzes, exams, and supported assignments.

**No Late Work Without Authorization:** You are expected to complete assignments, quizzes, and exams before their due date. Late work will not be accepted unless you have a valid excuse. The instructor will decide what constitutes a valid excuse and will give permission to complete late work when it is appropriate. Participation in extra-curricular activities and travelling for events, even if they are school-sanctioned events, are not valid excuses. You must complete work ahead of time if you will be travelling or participating in extra-curricular activities when the assignment, quiz, or exam is due.

**Extra Credit:** I do not intend to provide any extra credit opportunities in this course. If I provide extra credit it will be announced and made available to the entire class.

**Viewing Graded Material:** You will be able to view your graded assignments, quizzes, and exams in the Gradebook.

**Attendance Policy:** Since this is an online course I will not take daily attendance. However, you are expected to complete your work on time in accordance with the course calendar. Please email me if you are sick or have another valid reason for failure to complete your assignments.

**Classroom Discussions:** Given the nature of this course students may express political views contrary to your own and while no one is required to agree with another's political views you are required to be respectful. I encourage you to honestly express your views in this class, when it is appropriate and relevant, but you must be respectful in both your tone and delivery.

**SPC Policy Regarding “Standard English”:** All written assignments should be presented using the conventions of Standard Written English. South Plains College requires all students to become proficient in “academic English,” a form of English that is typically used in academic, professional, and business contexts. While slang, regional idioms, and formal kinds of self-expression are appropriate in some contexts, they are out of place in academic writing. Writing instructors and professors in courses across the campus expect all students to demonstrate proficiency in using the conventions of academic English in their written work, whether it is in-class exams or take-home essays.

**Emails:** Every email must include your name, course and section number so that the instructor can promptly address your question or concern. The instructor will respond to your email within 24 hours. However, the instructor will not respond to emails sent on Saturday or Sunday until the following Monday. Emails sent after normal business hours will not receive a response until the following workday during normal business hours. If Monday, or any other day is a public holiday for which SPC is closed, then I will not respond to the email until the following workday.

**Course Amendment Statement:** The professor reserves the right to make changes to the course and this syllabus as may be necessary. You will be informed of any changes in the “Announcements” section of this course’s Blackboard page.

**Syllabus Agreement:** By continuing to complete the course you agree to the terms of this Syllabus. If you do not agree to the terms of the Syllabus you must drop this course.
